# **JOUR 499**

## **Digital Security for Journalists and Communicators**

**#21371R, Marc Ambinder and Josh Campbell**

**Tuesdays, 10-11:40 a.m., 2 units**

This course is a practical introduction to digital security for professional communicators whose jobs require them to protect intellectual property, ideas, designs and concepts, or the integrity of communications with clients or sources. Learn the best ready-to-use tactics with an investigative journalist and a former FBI agent as your instructors.
